Dear Hearts 'n Hands Families,

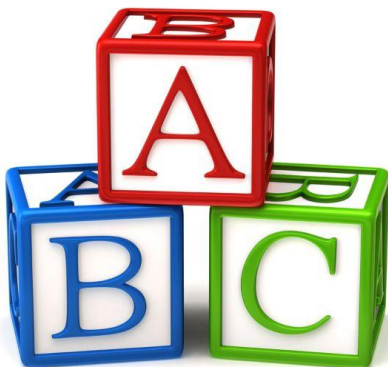

Our curriculum at Hearts 'n Hands is based off of the current belief in education that play and learning centers are the most effective way for children of preschool age to learn. We want to make sure that you were aware that your children will always be learning at Hearts 'n Hands through circle time, learning experiences, games, and centers, even if they don't always bring a lot of "seat work" home. Our curriculum also includes the teaching of all Preschool standards for the state of Pennsylvania. Here are some examples of the skills children learn and develop through the centers we have incorporated in our classrooms:

The Building Blocks of Learning

<u>Games and Manipulatives Area</u> *Hand-eye coordination *Counting *Social Skills		
<u>Sand and Water Table</u> *Cause and Effect *Measurement *Exploration	<u>Reading Area</u> *Reading Readiness *Communication Skills *Remembering Details	
<u>Blocks Center</u> *Size and Shape Discrimination *Communication Skills *Remembering Details	<u>Dramatic Play Center</u> *Communication Skills *Problem Solving *Social Skills	<u>Art Center</u> *Fine-Motor Skills *Creativity *Visual Perception

Just remember...

When work is play, kids learn all day!
